*The Mathematical Sciences Department is responsible for both teaching and research in mathematics, applied mathematics and computer science at Stellenbosch University. The Mathematics Division is keen to strengthen its research in existing active research groups, in particular, Algebra and Number Theory, Analysis and Topology, Discrete Mathematics, and Foundations of Mathematics. (More information is available on our webpage.) Suitable candidates from any area of Mathematics that would enhance these research groups will be considered. For one post preference will be given to suitable candidates with research experience in Analysis.*

#### Duties:

- Active research and publication;
- Advising and supervising postgraduate students;
- Teaching undergraduate and postgraduate Mathematics modules;
- Interacting with and enhancing the activities of one of the research groups in the Mathematics Division.

#### Requirements:

- A PhD in Mathematics for appointment as Senior Lecturer;
- a PhD in Mathematics submitted or completed for appointment as Lecturer;
- A research interest in Analysis or any research area that will strengthen the current research groups in the Mathematics Division;
- evidence of participation in local and international conferences;
- evidence of independent research;
- commitment to undergraduate teaching;
- evidence of postgraduate supervision and publication in internationally recognised Mathematics journals, for appointment as Senior Lecturer;
- Sound communication skills in Afrikaans and/or English.

#### Recommendations:

- Postdoctoral research experience;
- ability to teach large undergraduate classes;
- ability to present undergraduate Mathematics lectures in Afrikaans.
