

Dear esteemed members of SAMS

I would like to invite you to apply for a free membership of the International Society of Difference Equations (ISDE). ISDE has been at the forefront of promoting the areas of difference equations and discrete dynamical systems and their applications in science, economics, and other disciplines.

The annual meeting of the society is held under ICDEA (International conference on Difference Equations and Applications) which is traditionally held in July.

The next ICDEA meeting (The 25th International Conference on Difference Equations and Applications) will be held on Monday 24 June-Friday 28 June, 2019, University College London.

<https://www.ucl.ac.uk/icdea-2019>

Two smaller conferences are held in alternate years. In odd years, Progress on Difference Equations (PODE) is held while in even years the European Conference on Iteration Theory (ECIT) is held.

The society is governed by a board of directors consisting of 9 members that is elected in odd years (every two years). The board elects the president and the vice president for a two-year term. Next election will be around April, 2019.

You will be receiving our newsletter and information about future meetings.

Updated information about ISDE and its activities can be found on the ISDE homepage at <http://isdeds.com/>

Best Regards

Saber Elaydi

Vice-President, ISDE
