

# Operator Algebras and Quantum Dynamics

University of Pretoria

12-14 July 2017

**Second Announcement:** We hereby wish to provide further details regarding the workshop devoted to the interface of Operator Algebras and Quantum Dynamics announced earlier. The workshop will be held at the University of Pretoria, South Africa, in the period 12-14 July 2017. The arrival day for the workshop is 11 July 2017. Submissions regarding Operator Algebras, Noncommutative function spaces, and Quantum Groups, and their application to Quantum Dynamics are welcome. One of the objectives of the workshop is to encourage research discussions between participants, and as a result early mornings and early afternoons will be free. Although we will do our best, we may therefore not be able to accommodate all requests to present papers. If sufficient interest is shown, an open poster session will be included in the programme. Details regarding registration, accommodation as well as travel, will in due course be added to the workshop website, given below. Please forward this email to any of your colleagues whom you think may be interested.

<http://www.up.ac.za/oaqd>

**Plenary speakers:** The final list of plenary speakers for the workshop is:

- Francesco Fidaleo (University of Rome – Tor Vergata)
- Martin Lindsay (University of Lancaster, UK)
- Adam Majewski (University of Gdansk/North West University)
- Adam Skalski (Polish Academy of Science, Warsaw)
- Boguslaw Zegarlinski (Imperial College, London, UK)
- Laszlo Zsido (tentative) (University of Rome – Tor Vergata)

**Registration:** Registration for the workshop is now open. No registration fee will be levied. We nevertheless do still ask all prospective participants to complete the online registration form at

<http://www.up.ac.za/en/operator-algebras-and-quantum-dynamics/article/2464198/registration>

as soon as possible. This is to enable us to keep track of all participants and to plan effectively. The registration deadline is 28 June 2017, and will be strictly enforced.

**Submission of abstracts:**

Prospective speakers are requested to submit an abstract of their talk as soon as possible (but no later than 21 June 2017) using the LaTeX template downloadable from

<http://www.up.ac.za/en/operator-algebras-and-quantum-dynamics/article/2464126/abstracts>

Should there be space restrictions as far as the talks are concerned, the abstracts will play an important role in drawing up the final list of speakers. We will however endeavour to confirm acceptance of a proposed talk with all due haste.

**Social Events:**

A conference dinner is being planned. Details will be announced on the website in due course.

**Accommodation:**

Details on suitable accommodation may be found at

<http://www.up.ac.za/en/operator-algebras-and-quantum-dynamics/article/2421984/accommodation>

You may of course also try AirBnB.

<https://www.airbnb.com/s/Pretoria--South-Africa>

If you are not able to find suitable accommodation and need further assistance, please don't hesitate to call us.

**Visa requirements:**

Please refer to

<http://www.up.ac.za/en/operator-algebras-and-quantum-dynamics/article/2451536/passport-and-visa>

for details.

**Arrival in Pretoria:**

Participants should fly to OR Tambo International Airport in Johannesburg. For details on how to proceed from there, please refer to the site below.
